

## *Nanostructured liquid characterization*

### Access

To access the platform, contact the coordinators indicated on the page 32 of the dossier on CIBER-BBN Research Infrastructure on Biomedicine:

Scientific Responsible: **Dr. Concepción Solans** [cmsqci@iqab.csic.es](mailto:cmsqci@iqab.csic.es)

### Rates

The rates are in euros per sample

	CSIC & CIBER-BBN	PRIVATE USERS
Particle size & size distribution	15	125
Morphology, radius of gyration and aggregation number	225	1875
Characterization of liquid crystals	15	125
Phase behavior of surfactant systems	According to calculated budget	According to calculated budget
Rheology	30	250
Surface and interfacial tension	15	125
Contact angle	30	250
Differential Refraction index	90	750
Density of liquids	15	125
